SEARCH FOR REAL ESTATE MAN HAS BEEN ABANDONED

Not Even a Clue Observed in Crawfords Wainwright, Alberta, June 3.—The search for the disappearance of W. B. Crawford, a well known real estate man of the town, could not have been more mysterious and complete. The story reminds one of the Arabian Nights. At the request of the attorney general's department, the mounted police instituted a diligent search, but not the slightest clue to the whereabouts of the missing man have been obtained, although it is nearly three weeks since he dropped out of the newspaper life. Information regarding Mr. Crawford has been sent to police detachments all over the province, but so far without result.

It is generally thought that Mr. Crawford did not leave on his own account, but that he was taken to where he was going, and suspicions of foul play have been entertained. The bluff and sloughs in the vicinity have been searched, but have revealed no clue. The search for Mr. Crawford in this neighborhood has been abandoned. The mounted police, however, are still pursuing inquiries.

Family Neglected. Mrs. Crawford, who was greatly affected by the sudden disappearance, has almost given up hope of seeing her husband again, yet cannot understand where he went, why or when, or how other members of the family are easily compassed and have settled down to managing the different business. Mr. Crawford had in charge, and was inclined to form an opinion of their own from the mysterious circumstances connected with his disappearance. When he left, Mr. Crawford carefully planned to leave, but for what reason these people are unable to explain.

The matter must remain a mystery for the present, although it is difficult to see how the facts connected with the disappearance of such a well known man can permanently remain concealed.

NEW COMPANY TO DEVELOP FIELDS NEAR WETASKIWIN

Concern Organized by Well Known Men—Oil Expert in Charge, SMALL STOCK ISSUE AT TWENTY CENTS

Certificates Will Be Issued When Applications and Remittances Received. The Wetaskiwin Alberta Oil Limited, one of the new oil concerns which have secured incorporation from the provincial government, will be at once to drill for oil in the Wetaskiwin field, where it controls large petroleum and gas leaseholdings. The capital stock of the company is \$100,000, and the prospectus explains that the lease will be used exclusively for the purpose of developing the oil fields, and the prospectus explains that the lease will be used exclusively for the purpose of developing the oil fields, and the prospectus explains that the lease will be used exclusively for the purpose of developing the oil fields.

GOING TO REMAIN FREE WILSTER, ASSERS IS CARSON

Sir Edward Makes Dramatic Address to Great Gathering of Women. HE DOES NOT BELIEVE THAT WAR WILL COME

Declares That He Has Faith in the Manhood of the British Race. London, June 3.—The rumor that conversation on Home Rule between the leaders of the opposition and members of the government, were to be resumed upon Irish soil was picturesque but improbable. The truth seems to be that leaders of both sides are at the moment sufficiently occupied with their own followers in consultations and upon the results of these inter-party negotiations must necessarily turn.

The parliamentary recess has afforded a desirable opportunity for a dispassionate survey of the later developments of the situation in Ireland. There are indications that this has been and is being the members of both front benches.

There were some dramatic moments at the great gathering of women led by Sir Edward Carson addressed at East Belfast. "I tell you, my dear friends," he declared, "my word is to where he was going, and suspicions of foul play have been entertained. The bluff and sloughs in the vicinity have been searched, but have revealed no clue. The search for Mr. Crawford in this neighborhood has been abandoned. The mounted police, however, are still pursuing inquiries."

ATTEMPT TO BLOW UP HOUSTON IS FOILED IN NICK OF TIME

Washington, June 3.—Four sticks of dynamite with burning fuses attached were found late yesterday in the partition of agriculture under the office of Secretary Houston. The fuses were extinguished before any damage was done.

An employee of the department found the dynamite by accident and extinguished the fuses. The sticks were taken to police headquarters for examination. Some discharged employees are suspected.

The police took Daniel H. Dyche, the watchman who found the dynamite, and the head of the department, to the police station, where they were held in custody. The police took Daniel H. TWENTY THREE IS LOWEST NUMBER FOR THE PARKERS

Skidoo Digits Look Like Bunch of Horseshoes to Edmonton Couple. CHEATS DEATH BY FAITH IN "HOODOO"

Chooses Boat Sailing May 23—Both Others Encounter Mishaps. Whenever Mrs. K. Parker, of this city, ever sees the number 23, that horrible hoodoo which instills terror and fear into so many who believe in signs, looms up in the distance, she sails straight for it. It is no matter if everybody else tries to hold her back.

Mrs. Parker has just landed in the old country after an enjoyable trip on the Dominion liner Cassandra, with her little child and Miss Margaret Stevens. Her husband is still in the city and the other day, when the news reached here of the sinking of the Empress, he was the recipient of many enquiries as to the safety of his wife, as his friends all believed she had sailed on the Canadian Pacific vessel.

The probabilities are that she would have been on it, had it sailed on May 23, instead of May 21. Mr. and Mrs. Parker first met each other in Medicine Hat, the 23rd day of the month. Exactly one month afterward they were engaged. They were married also on the 23rd.

When a real estate agent showed them a bunch of lots and asked for their choice for their future home, the couple picked lot 23, and it turned out that the street number on the house afterwards lived in it, and so it is. Recently Mr. and Mrs. Parker left the gas city and came here, she leaving her husband in the city.

When Mrs. Parker left Edmonton on her recent trip to the old country, she took with her a small box of horseshoes. She was undecided as to what boat she would board for the trip, but she finally picked the Cassandra, because it sailed on May 23, and it happened that she was on the boat.

EX-EDMONTONIAN IN PRISON ON BIGAMY CHARGE

Former City Employee Arrested at Manville Yesterday by R.N.W.M.P. CASE IS TURNED OVER TO LOCAL AUTHORITIES

Given Hearing This Morning and He Is Remanded Until Friday. William Beck, formerly of this city, was arrested in Manville yesterday by the R.N.W.M.P. on a charge of bigamy. It is alleged that Beck, who was married some months ago, since coming to Canada, has a wife and three children at present living in the Old Country. His wife here he has also one child.

The accused was at one time a fireman in No. 1 station here and was later employed in the city stores and works department. Since his arrest in Manville, it is understood that he has been employed with a dairy there. He was brought to the city by the R.N.W.M.P. and was lodged in the guard house. This morning he was turned over to the local authorities and appeared before Magistrate Massey in the police court for his preliminary hearing. The case was remanded until Friday.

GOOD INDICATIONS AT AIN ROLLERS MOUNTAIN VALUES

Noted Geologist Believes United Almost Certain to Make Strike. STOKES-STEPHENS YET AMONG MORE ACTIVE

Several Fields Tributary to Edmonton, Which Likely to Be Oil Center. The excitement in connection with the Calgary oil strike has considerably stimulated the development of oil in space, and most of the companies are making arrangements to drill for the production of oil. The drilling and have got down appreciable distances are encountering such prospects that stocks, though not mounting skyward as fast as at first, are still maintaining prices well and as a general rule a steady upward trend is in evidence.

The fact that the McDougall-Spurwell is down further than any others except the Elgin and that a grossly substance is baled out of the well, keeps Stokes-Stephens well up among the more active stocks. This company controls three sections adjacent to the McDougall-Spurwell, and it is said the stock is held in Calgary at higher prices than Edmonton.

J. E. Gradale, a geologist widely known throughout the country, is now in the Calgary fields and has visited the United well. He gave as his opinion that the district as a whole was almost certain to strike oil before they got down as far as the Elgin and is well pleased with the whole fields.

KING'S BIRTHDAY OBSERVED BY CITY AS LEGAL HOLIDAY

Public Buildings Closed All Day, and Stores for the Afternoon. CLERKS' WEEKLY HALF HOLIDAY INAUGURATED

Empress Disaster Overshadows Joyful Celebrations—Flags Half Mast. Public buildings of the city presented a curious spectacle today with flags flying, some at half and some at full mast, at the King's Birthday. The Empress disaster quite overshadowed the day as a public holiday, and the spectacle presented by the flags was an indication of the mingled sorrowing and rejoicing prevalent in the city.

The banks and public buildings, including the parliament buildings, the civic offices, the court house and land titles and dominion lands offices were all closed for the day. Most of the stores, however, were open at least part of the day. Nearly all the departmental stores of the city were closed in the afternoon, although this was not on account of the king's birthday.

Day officers were open all day and were doing considerable business; some people taking advantage of their holiday to make investments or to call for their certificates. The day was made almost a general holiday by the closing in the afternoon of the departmental stores, which liberated hundreds of employees at one o'clock. The Hudson's Bay, Ramsey's, the Acme, the Dominion Valley and other large stores put into effect today the weekly half holiday for their assistants.

The stores were closed every Wednesday afternoon during June, July and August. The Caladonian store will follow the practice of the previous years and close in July and August only.

TAKING NO CHANCES ON THE HINDUS NOT QUITTING COUNTRY

Vancouver, June 3.—In view of the plans of the Hindus about the Komatiks, it is difficult to believe that any on board, it is likely that the immigration department will arrange to take them out of the country as soon as they can. The Komatiks are a party of about 1000 men, many of whom are well educated and are well known in the country. They are taking no chances on the Hindus not quitting the country.

MEN ARE INJURED BY SUFFRAGETTES

One Badly Hurt Trying to Prevent Destroying of Valuable Picture. ARSON SQUAD BURNS A LARGE CRICKET PAVILION SOUTH-WEST OF LONDON.

London, June 3.—A savage attack was made today by a young and stylishly dressed suffragette on an attendant at the Ivere Gallery, who tried to prevent her from destroying valuable pictures on exhibition there. The woman had already raised two points in the gallery which is in the heart of the fashionable quarters of London, and was having a third when an attendant named Bourlet seized her arm. The vandal turned on the man furiously and raised a shower of blows on his body, severely injuring him. Other attendants overpowered her. She fled and struggled across the street.

A letter was left in the gallery by the thief's attention to Dr. Francis Edwards, Forward, medical officer of Holloway jail. "Too lady-like," she said, "to stop you must give me justice. We are willing to die for it before we give in. We have tried all other ways. We have been too lady-like in the past. Now we are going to fight and you can allow us to be killed. Others will arise to take our places. I have joined in the war."

One of the pictures destroyed was "The Women of the House of Commons," a picture of a priceless engraving by Bartolozzi. The suffragettes today again turned their attention to Dr. Francis Edwards, Forward, medical officer of Holloway jail.

Two women armed with horse-whips sprang on to the doctor as he left the prison this morning and struck him repeatedly before a policeman came to his rescue and arrested his assailants. The women declared that their action was a protest against the forcible feeding for which this hospital is responsible. Dr. Forward refused to charge the women with assault, but the police detained them on a charge of disorderly conduct.

NEW ADDITION FOR CHILDREN'S SHELTER IS BEING PLANNED

Plans have been approved and construction work begun at once for the addition to the Children's Shelter, Commissioner Booth and Mr. L. Chadwick, provincial officer in charge of the home, this morning completed final arrangements for the erecting of a one-story dormitory facing the main building and heated from the main building. The dormitory will be used for boys at the home. It is to be built on an average of from 50 to 35 children at the home and since the present quarters do not give sufficient room for the proper care of the inmates, an addition was necessary. The present structure will be occupied by the girls and the infants at the home. The construction cost of the addition will be \$1200.

NEW LIGHT SHOWS OFFICERS CHANGED BEFORE THE CRASH

Tangled Stories Puzzle Investigators as to Where to Place Blame. CAPTAIN KENDALL NOT INTOXICATED

Mrs. Anderson Denies Assertion That Empress' Commander Was Drunk. Montreal, June 3.—There has been a good deal of speculation as a result of the many stories published, as to who was actually in charge of the Norwegian steamer Empress, when it rounded the Horn of Iceland with such disastrous results. It was at first stated that first officer Alfred Toller, and third officer Jack Saxe, were in control of the ship when "all right" collision took place, but further inquiry this morning on board the Sterstad elicited the fact that Captain Anderson himself was in command on the bridge at the moment the collision happened.

He had retired to rest at 11 o'clock, simply removing his trousers and boots, and had left instructions with the first officer that should there be any fog he was to be called at once. When the Empress was first sighted the first officer had charge, and when the fog came on and obscured the light, the first officer blew down the tube which connects the captain's cabin with the bridge, and told Captain Anderson that there was a fog coming and that the ship was in danger. He jumped out of bed, put on his trousers and ran up to the bridge.

At that time there was no sight of the Empress, and no thought of collision. The captain gave orders for the engine to be stopped because of the fog, and then the Empress loomed up right across the bows of the Sterstad. The captain was standing by the engine room telegraph, and he immediately rang "full steam astern."

REMARKABLE OIL PROSPECTS SIXTY MILES NORTHEAST

Edmonton Old Times Now Control 1,835 Acres at Paken. PROFESSOR DAWSON RECOMMENDED SPOT

Dominion Government Drilled Years Ago, Finding Gas, Salt and Iron. Because of the fact that oil experts and geologists have pronounced the district as one of the most probable permanent oil fields in the west, and because the property there have already been found natural gas, salt water, iron and several other things, several old-timers have taken up some 1,835 acres of land at Paken, about 60 miles northeast of the city.

CONSTABLE ALLAN LEAVES TO BRING FRANKFURT BACK

Constable Allan left last night for Winnipeg via the C.P.R. to bring back to the city for trial David Frankfurter, who is proprietor of the Imperial jewelry store, 1044 street west, arrested in the former city on a warrant charging him with alleged false pretences in connection with the sale of some old stock. The warrant was sworn out here some days ago on information given by the local police received word from Winnipeg that he had been taken into custody there.

SHACK IS BURNED DOWN

A small shack occupied by three or four foreigners was burned down yesterday afternoon on Hastings street, North Edmonton. About 5 o'clock the city fire department had an alarm rung in and quickly responded to the call. Upon reaching the scene, however, the building, which was of highly inflammable material, was soon extinguished by use of chemicals, there being no water pressure in that part of the city.

SPANISH ANARCHIST COMMUNITY WATCHED ACCOUNT ROOSEVELT

Madrid, June 1.—The police are anxious for the safety of Col. Theodore Roosevelt, who is expected here in a few days to attend the wedding of his son Kermit and Miss Willard, because they are afraid of the Spanish anarchists who have followed the colonel and got on his train when the president returned to New York a short time ago. The anarchist community at Barcelona is being closely watched and the number of detectives at the various ports and on the frontiers has been doubled.

STOCKS COMPLETE TOUR

George C. Buck, a department inspector under the administration of Mayor Short, has completed a tour of the United States and is now traveling in Canada. Mr. Buck visited the principal cities of the central and western states gathering first hand data on business conditions throughout the country. The last city in the United States to be visited was Seattle from where he departed for Vancouver.

FARM SAVES SCORE OF MEN FROM WANT

Twenty-two Wanderers Find Shelter on City Tract Where Work is Provided.

NOW EARN THEIR BREAD
Superintendent Lyons Says His Guests Hardworking, Orderly Company.

The inclement weather has been the door of the police station inquiring any man desiring work for his board and room to apply to the chief of police, has already saved 22 men. The men out of employment, penniless, hungry and destitute, already taking the first step on the road that leads to down and out, made application for work. They were sent to the city farm where Superintendent Lyons gave them food and shelter.

"The superintendent declares that he has never dealt with men who were more willing to work or who made better tenants," Commissioner Lyons stated this morning. "Each man does nine hours work on the farm and in return is given plenty to eat and a place to lay his head at night."

"Although the men were out of work and out of money, they are not of the recklessly designated 'bum' or 'idiot' class. Many of them are refined well educated fellows who were merely down on their luck and had no money to live for the present. Superin-

tendent Lyons is enthusiastic over their work and their behavior.

"The scheme of caring for men at the city farm was hit upon to counteract the rumor that men were wandering about the streets of Edmonton homeless and hungry. With a place to work for their room and board, there is no reason why there should be a single down-and-out in the city, and if all who apply are of the character of the men who are now at the farm, I am sure that Superintendent Lyons will be more than glad to receive them."

JUSTICE SIMMONS AWARDS DAMAGES TO DEFENDANT IN ACTION

Owing to the fact that this is the king's birthday, both the supreme court and district court as well as all the court officers are closed.

Judgment was handed down yesterday by Justice Simmons in the action of Messrs. Cauchon and Van Tine vs. McCosham. The plaintiff's claim for \$500 was dismissed and the defendant's counterclaim for \$500 damages was allowed with costs. The plaintiffs were architects and drew up the plans for the McCosham building on the corner of Ninth street and Nine Avenue, and for such plans were to receive two per cent of the estimated cost, which was \$10,000. The defendant in his counterclaim alleged that the footings provided for in the plans were not sufficient for the building, and made provision for more support, and additional work was made necessary as a result of negligence on the part of the plaintiffs the footings under the building cracked and the building cracked the east and west walls where they joined with the north wall. The defendant counter-claimed for \$10,000.

DOES FARMER GET BENEFIT FROM THE HIGH COST OF LIVING?

Doubt Whether Duty on Farm Products Increases Price to Producer.

TARIFF REVISIONS ARE DISCUSSED IN HOUSE

Resolution Regrets That Duty on Necessaries of Life Remains Same.

Ottawa, June 2.—In the upper house the debate was continued on Senator Power's motion relating to the high cost of living, and which is as follows: "That this house regrets that the government, having decided to alter the tariff, have made no effort to meet the cost of living by removing or substantially reducing the duties on the necessities of life."

Senator Edwards said he stood today for free trade, as he had always stood for it. He did not believe in taxing one man for the benefit of another. For himself, he derived no benefit from protection.

Senator Murphy: "How about cement?" Senator Edwards: "I don't desire a dollar's revenue from cement. I am a lumber man."

Senator Girouard declared that high prices for farm products should be continued. Conditions in Canada had been disturbed by a movement from the country to the cities which had reduced the production of food and increased the demand for it. The movement should be followed. The benefit of country people should be induced from the cities to the country.

Senator Smith said there was some doubt whether the duty on farm products increased the price which the farmer received for his produce. The home market was the greatest and the most valuable market and the farmer would be foolish to throw it away by taking off the duties.

The bill amending the tariff was given second reading. Before it was read the second time, Senator Horlock regretted that the duty had been increased upon wire rods and said that this would result in an increase in the cost of nails. He also said that this was the first time for 20 years that the Canadian tariff had been revised upwards. He did not believe that the country would approve of this.

Senator Lindsay, bill extending the time for the payment of bonuses to Penian rail veterans was almost declared when Senator Murphy, conservative for Prince Edward Island, moved the six months' hold on the ground that it did not include the forms. Prince Edward Island. The amendment was adopted, but before the six months' hold was declared carried, Senator Power stated that he had voted for it in error. He had agreed to vote for an amendment to bring the Penian rail veterans under the provisions of the bill, and was under the impression that the vote was being taken on the amendment. He was not aware that it was the six months' hold that was being taken on. He therefore declared that his name should be taken from the list of those who voted for the six months' hold, and recorded among those who had voted against the six months' hold. This was done and the six months' hold was declared lost by the yeas and nays.

The bill was given a third reading.

HUERTA TO RESIGN ON ESTABLISHMENT OF INTERNAL TRUCE

Is Prepared to Withdraw From
Government if Peace Comes
Politically.

RULING PARTY MUST
HAVE PEOPLE'S TRUST

Constitutionalists Can No
Longer Withhold From
Mediation Proceedings

Niagara Falls, June 3.—The Mexican delegates announced last night that Don Huerta is prepared to withdraw from the government on condition that at the time of his withdrawal Mexico shall be politically pacified and the government succeeding him shall be such as to count on the acquiescence of the governed and the support of public opinion.

It was just before the mediators, the Mexican delegates and the American representatives entered the banquet given for them tonight by the Associated Canadian clubs that Huerta's position of the position of General Huerta were given out in the hotel lobby. The American commissioners read it eagerly. The Mexican delegates expressed their gratification that they had been able to make the announcement and confirm press reports on the subject which have been current ever since their arrival in this country. The delegates made no comment, but the effect of the statement upon the attitude of the constitutionalists toward the mediation, while not yielding their national sovereignty in any respect, the Mexican delegates, it was generally believed here, had launched a strong argument against the constitutionalist position as previously outlined.

The general view was that if the Huerta representative had found no support in dealing here with the internal Mexican situation the world generally would not have approved of technical objections to the same course which might be offered by General Carranza.

Successful relations between the peoples of both the South and North American continents was the keynote of the speeches at the banquet. Frederick W. Lehmann, who spoke on behalf of the American representatives, emphasized the friendship between the United States and Canada, and the good will of the United States toward Mexico.

Antonio Diaz, who spoke for the mediators, received an ovation. "Citizenship and the love of one's fellow men was not restricted by boundaries," he said. "It was in this spirit, he added, and urged by a sense of responsibility that the mediators had offered advice to the United States and Mexico, for the peaceful settlement of their difficulties, by deciding their contention by force of arms."

Algarin, former charge of the Mexican embassy at Washington, expressed the hopes of the Mexican delegates for peace in their country.

Carranza to Move Next.
The attention of the mediators today was turned toward General Carranza, constitutionalist chief. From him must come the next move which will determine whether or not Mexico will be pacified by diplomacy. The way has been opened by the mediators for participation in the conferences by the constitutionalists if they care to come in.

Rafael Zenteno, minister of the interior in General Carranza's cabinet, said he was now in Washington on a special mission received today a note indicating the attitude of the mediators. "The communication is phrased in a friendly and paves the way for the entry of the constitutionalists. In fact, according to those who are well informed, it is difficult to see how the constitutionalists can refuse, so adversely have the mediators placed their position before them." Huerta, the constitutionalists have had two objections to the mediation program. They declined to discuss internal affairs, but desired to treat on international questions. They refused to arrange a suspension of hostilities against Huerta.

Both of these objections, it is understood, have in a sense been overcome. A middle ground is believed to have been found and the mediators feel encouraged and optimistic. They profess confidence that the constitutionalists will see their way toward meeting their views.

A Simple Plan.
The peace plan before the mediators is a simple one. It reaches into internal questions only in a general way. Suggestions as to personnel will have to be agreed upon privately. The program which will be signed here, will be a declaration of principles on agricultural and educational reforms and advice to Mexico to set up a provisional government, having due regard to the interests of all factions. The actual composition of the new government will be a matter of physical accomplishment as soon as the protocol is signed, the United States giving a promise to recognize the new government.

In the new government would be a provisional president neutral in politics, a cabinet of four—two Indianists, one chosen by the Huerta faction, but not identified with the present regime, and two chosen by the Indianists. This may be changed if the constitutionalists take part in the process here. It has been virtually agreed by all parties that the provisional government should not be merely a one-man show, but a government that can actually restore peace before a general presidential election is held. This reason it has been thought best to have the provisional govern-

SOCIAL AND PERSONAL

THE GAY WORLD.

Mr. and Mrs. J. C. McDougall are receiving congratulations on the birth of a daughter, which arrived Monday, June 1st.

Mr. Thomas Hyndman, who has been visiting his mother, left on Monday for his home in Regina.

Mrs. F. U. Lebert and Miss Florence, of 1281 26th street, left yesterday morning to spend three months at their former home, South Hampton, Ontario.

Miss Maud Campbell, Arlington Apartments, leaves tomorrow for Toronto to attend a wedding en route to Hoboken, where she expects to spend the rest of the summer.

Mrs. Howard Moore, 11122 Grace street, Highland, gave a children's party on Monday, on the occasion of her little daughter's seventh birthday.

Mr. J. K. Cornwall is in Calgary.

Mr. J. A. McDougall is leaving for Vancouver to visit Mrs. Chilcot. Mr. McDougall will in all probability accompany him home.

Dr. and Mrs. Roberts have returned from Florida.

Mrs. S. E. Cornell is visiting in Calgary.

There will be a lawn social on Friday night, June 15th, at the Young Men's Club of First Presbyterian church. The admission will be 25 cents and will be held at the beautiful grounds of Mr. J. A. McDougall. The public are cordially invited to attend.

A very pretty wedding took place at the Highlands last evening when Miss Agnes Graham-Graham, daughter of the bride of Mr. Robert Muir. The Rev. Mr. Roxborough officiated and the brother of the bride, Mr. J. D. Gillespie, at whose home the marriage was solemnized, gave the bride away. The wedding gown was of white duchess satin, trimmed with brocade, and pearls, a mob cap with lilies of the valley finished the veil, and a bouquet of lilies and white lilies completed this handsome toilet. Miss Mabel Nelson acted as bridesmaid and wore blue crepe and diamond diamond trimmings, and carried a bouquet of pink roses and carnations. Mr. Joseph Martin was the groomsmen, and received a diamond stick pin from the groom. The groom's gift to the bride was a diamond tiara, and to the bridesmaid a diamond and ruby ring. The newly wedded pair left for New York, where they will sail for Scotland, to be gone some time. The bride going away gown was blue serge with a small blue hat to match. Miss Mabel Nelson acted as bridesmaid, and Mrs. Muir all joy and happiness.

Mr. T. A. Blackburn left yesterday for Calgary.

Beware of Fake Baking Powder Tests

("THE SPICE MILL" (N.Y.), SEPTEMBER, 1913.)

Unscrupulous manufacturers of baking powder, in order to sell their product, sometimes resort to the old game of what is known as "the glass test." In reality it is not a test at all, but in cases where the prospective buyer does not understand the so-called "test" is a fake, pure and simple, the salesman is sometimes able to make him believe it shows conclusively that the so-called baking powder he is buying, and which of course contains egg albumen, is superior to other brands which do not contain this ingredient.

Bulletin No. 21, issued by Dairy and Food Bureau of the State of Utah, says as follows—

The sale in the State of Utah of baking powders containing minute quantities of dried egg (albumen) is declared illegal. The albumen in these baking powders does not actually increase the leavening power of the powder, but by a series of unfair and deceptive tests such powders are made to appear to the laudatory consumer to possess three or four times their actual leavening power."

ONLY ONE AMERICAN ENGAGEMENT BEFORE PANTAGES OPERA TOUR

The Imperial Opera company is the unusual headline for the bill at the Pantages this week. There are 21 singers in the Imperial Opera company, it having been recruited from the leading opera centers of Europe. Only one engagement in America at the Palace theater, New York, has preceded their tour of the Pantages circuit.

The offering is of highest metropolitan standard; the great opera of Italy and Spain being sung in their native tongue, by a group of capable and famous singers from Europe. It is a high class offering presenting songs and scenes from Carmen, I Traviata, Rigoleto, Cavalleria Rusticana and Lucia.

Jack and Jesse Chisholm, uncleys of more than average ability; Maude De Long, in correct imitations of the famous long Godfrey and Henderson, at their laughable sketch, "Abroad for Abroad," and Amelio and his accordion, complete the bill.

IN EIGHT YEARS ON STAGE MISS ADAIR WINS SIGNAL HONORS

"There were many heart aches and much mental anguish before Little Women" was adapted for stage use. Miss Mary Adair, the character actress who is appearing the first half of this week at the Empire theater as Mrs. Dix, wife of Senator Dix, in "Beauty is Only Skin Deep," Miss Adair played the role of Marmee, the lovable mother, in the eastern company and is really in a position to tell exactly how much she knows about "Little Women."

It would be impossible for any person to do anything with "Little Women" without Miss Adair. She was frequently the first to play a certain atmosphere about the play that is almost impossible to transfer to the stage. She was the first to play it, and she was the first to play it with any degree of success. It is that we had, but we did, so there you are.

Mr. and Mrs. Adair, Calgary, are in the city for a few days. Among those who are taking advantage of the Adair company are: Mr. and Mrs. W. J. McLaughlin, Mr. and Mrs. J. B. Holgate, Mr. Thomas Holgate, Mr. Tiverton of Nanapan, Mr. Russell of Nanapan, Mr. McLaughlin, Mrs. Adair and many others.

Holy Trinity was the scene of a quiet wedding Monday morning, when Miss Madeline Florence Nickel, formerly of Winnipeg, and Mrs. J. B. Holgate, formerly of Winnipeg, were united in marriage.

It is not generally known that "Beauty is Only Skin Deep" is the second act of "The Lady From Okla-homa," a four act play in which Miss Adair, the character actress, is appearing. It was written by Elizabeth Jordan, editor of Harper's bazaar, and was a success for a time only because of the remarkable second act in a metropolitan alone is worth a half dozen ordinary vaudeville sketches.

FEATURE FILM NOW SHOWING AT BIJOU PROVES "THE GEISHA"

Another of the high class, varied and most entertaining programs will be on at the Bijou for today and tomorrow. The picture is "The Geisha," a new musical play "The Geisha" which is an entire change of program from the last picture on during the earlier part of the week. It is a very capable and bright little picture. With such splendid voices, good acting and effective personality, it is certain that they will win to the same popularity that they earned in San Francisco, where they played at one theater for 18 months continuously.

"The Mutual Girl" is also on this program, the 16th chapter of this world's famous production will introduce a number of further celebrities of the day, such as Cartoonist Briggs at work in his studio, who is known from coast to coast for his noted work. While Margaret, the Mutual Girl, talks to the parties in the room Briggs draws a cartoon of her. An exciting event in the picture is the encountering of a girl in a room and from this episode is drawn a most touching part of the story.

In a review of the program, however, is a beautiful two part picture "The Geisha," that is said to be in almost every particular a perfect picture production. In action it stands as one of the highest. It is a love romance of a naval officer and a Japanese Geisha girl.

This program will be offered today and tomorrow only. In view of the fact that the program is a high class one, prices are customary, will prevail.

Endicott Memorial Unveiled
Weymouth, Eng. June 3.—A memorial erected on the spot from which John Endicott, one of the early colonists of America, departed to cross the Atlantic in 1623 was unveiled yesterday by Mrs. Joseph Chamberlain, wife of the Lord Mayor of London, in the presence of a large gathering. Mrs. Chamberlain, who is the third wife of the English statesman, was accompanied by Mrs. Endicott, secretary of war in Mary Endicott, the only daughter of W. O. ONCE RICH SOCIETY LEADER OF NEW YORK: PANTAGES THIS WEEK

Mrs. Dore Lyon, one of the foremost clubwomen of New York city, and one of the founders of the Federation of Women's Clubs, rated as a millionaire with large real estate holdings, is appearing on the vaudeville stage as the leader of a troupe of fourteen singers at Pantages this week.

Her first appearance in New York was at the Palace theater, under the stage name of "Mme. Dore," a short time ago.

She is a friend of her more prosperous days recognized her from the audience one night she had kept her identity secret. Not even the owners of the theater knew who she was. They supposed she was an opera singer who had taken the name Dore to conceal her resorting to the vaudeville stage.

The woman who once owned the Hotel St. Lorenz, and regarded the \$12,000 she received from the property as a small sum, is now a millionaire, is appearing twice a day at the Pantages. As vaudeville acts are appreciated, the act is said to be "worth \$250 a week," out of which "Mme. Dore" pays salaries and expenses.

Mrs. Lyon went into bankruptcy in 1910 after a number of business reverses, which she said were due "to too much optimism." The Wall street journal of 1910 caught her without ready money to meet her obligations and all her property holdings were swept away by foreclosure.

The act in which she is appearing is thus described in the program: "Mme. Dore, president of an all-star company in Great Moments from Grand Opera, including 'Carmen,' 'Rigoleto,' and 'Cavalleria Rusticana.'"

There are five or six minutes of select scenes from these operas sung by the company after an introduction by Mme. Dore, who tells the story. The opera is said to lead up to the selected scene.

Her manner and her charmingly "poised" explanation, which is just as finished as though made in her own drawing-room in the days of her prosperity, make a noticeable impression on the audience.

For an encore, which the act always receives, the company gives the wicket from "Lucia," the opera. Mme. Dore standing in the center, and carrying the mezzo-soprano herself.

THIS IS PATRIOTIC DAY AT BEAUTIFUL EMPRESS THEATER

Today is Patriotic Day at the Empress theater. The program is a standing in view of the fact that on the King's Birthday, the impressive picture spectacle, "Six Months and Seven Days" will be exhibited and this evening will be presented the lieutenant-governor, the official consuls and representatives of the various countries.

"Sixty Years a Queen," outspans a story similar to life brought to this city. The film shows the grand episodes in the life and work of the great queen from the time of accession to the throne to the time of her death. Many of the distinguished personages of her time are shown in the actual events as they happened. Dickens, the great author, is shown and here is a most perfect effect, for it shows the great author in his study at Gadshill, calling up before his mind's eye his characters that have become the heritages of the English race. Disraeli, the Queen's Prime Minister, and one of England's most brilliant and biggest men, is pictured with striking likeness. Gladstone, Livingstone, Bright and many more of the country's brightest men of the day are shown and their characters are taken with wonderful skill.

The characterizations of her majesty during different stages of her life are also done with marvelous skill. The changes in costume at the various times in the life of the queen are historically correct. Every detail is handled with excellent care and judgment and the artistic completeness of the production is wonderfully perfect.

Special and appropriate music accompanies the presentation of the film by the Empress orchestra and orchestra and beautiful selections on the large Empress pipe organ. Today and tomorrow the last time the film will be shown.

LEAGUE EXECUTIVE PAID'S DAIRY VISIT

Consumers' Committee Observes Processes and Learns Something of Cost.

FACTS BROUGHT TO LIGHT
Edmonton Concern Overcomes Unusual Problems in Creditable Manner.

On the company's invitation the executive committee of the Consumers' League visited the plant of the Edmonton City Dairy yesterday. Coming at the busiest time of the day they had every opportunity to see the workings of every department. Each section was reviewed with critical interest and such was the center of keen questioning on the part of the ladies.

They were able to learn the cost of the milk, on the manufacture of the butter and ice cream and on the repeated washing and steam sterilization of all bottles. Cans and utensils used at the plant or on the farms for the holding and carrying of milk. Members of the committee found much to interest them in certain charts drawn from bulletins of the U. S. Department of Agriculture showing the marked economy of milk as a food. They were especially interested in the factors which enter into the cost of milk, such as the unusually large area over which delivery has to be made and the additional cost of horses, wagons and men; the additional wear and tear of long drives, as compared with cities more compactly built up; the high price it has been, and is, necessary to pay the farmer to get an adequate supply for the city; the cost of reserve men to ensure continuous service; the necessarily increased cost from giving service every day in the year, and such items as the unavoidable breakage of bottles, which alone cost the company \$4000 a year.

The committee inquired into the cause of the question of food supply very carefully, and proceeding along these lines they should confer much benefit on the general public.

THEATER BUILDING TRANSFORMED INTO A MODERN CABARET
Appropos that modern society craze, the dance, there has been opened up in the city a new place, at the corner of Third and Jasper, a cabaret—the real thing like they have it on Broadway in New York.

The new building has been entirely remodelled and an excellent music floor put in. A first-class orchestra is in attendance every afternoon and evening, and a competent instructor in charge of the floor will from time to time demonstrate all the latest steps in society dancing. In conjunction an up-to-date soft drink fountain and refreshment counter has been installed, with a first class dispenser in charge. For those who do not care to sit on the floor the tables are of a vivacious harmony, but wish to watch the efforts of the others, a gallery of seats and tables has been arranged, overlooking the entire floor.

KING'S BIRTHDAY HONORS ARE POSTPONED; LEADING JOURNALIST ON LIST

London, June 3.—The publication of the king's birthday honors, which was expected yesterday, has been postponed. In the forthcoming honors, according to the Standard, will be the name of Sir Alfred Morris Mond, M.P., managing director of Brunner, Mond and company. Sir Alfred, who is well known in Canada, has for many years rendered valuable public services as principal proprietor of the Westminster Gazette, whose influence is of great value to the government, and is of great value to the government, and is of great value to the government.

The Marquis of Empire, under the auspices of the House of Commons, Chapter LODGE in the Empire theater on Friday and Saturday, June 6th and 7th, will be one of the big social events of the season, as many little parties are being planned, to take in this very unique entertainment, the first of the kind ever given in Edmonton.

E. F. HEBDEN,
General Manager.

H. MONTAGU ALLAN,
President.

In moving the adoption of the Report, which was seconded by Mr. Thomas Long, the President invited discussion.

In reply to an enquiry from Mr. John Patterson, it was stated that shareholders would be asked to contribute towards the cost of the building company for the Bank Premises, if they desired to do so.

Replying to an enquiry from Mr. R. C. Nelles, it was made clear that the Report would not be presented to the shareholders until the next meeting. The Report made no change in the close of the Bank's year or the date of payment of dividends, but affected the date of the Annual Meeting only.

Mr. Patterson then moved that the Report be adopted. The President is to congratulate the Board on having written off \$125,000 in connection with depreciation. Some private concern and banks do not do that. There have been some banks that have not done that. I do not think I will lose, and I think an appreciation will come later on.

THE GENERAL MANAGER'S ADDRESS
The General Manager, Mr. E. F. Hebden, then made his annual address,

There is very little to be said this year beyond that the country has come through a more than usual trying time the past twelve months. The transition was almost kaleidoscopic—from a period of plenty and ease

money, with deposits raining in upon us, to a time of scarcity, with the blue-ruin prophet abroad in the land, the wish being father to the thought. The Banks, taken as a whole, took early note of the sudden change in the financial outlook, and took their measures accordingly. They were materially assisted by the excellent crop reaped almost throughout Canada, which

was largely marketed so soon as threshed to the great easement of the general situation. There were many other factors at work making for relief. Meanwhile, we have moved into calmer waters, and while money is not yet easy in Canada, I believe we are on the highroad to better times and a renewal abroad of confidence in us, which will, I firmly think, be given us

before many years are over, in large measure. The position in Canada today appears to me to be full of promise. Last summer I travelled throughout the Northwest and British Columbia, visiting nearly all our branches, and I should have been sceptical indeed if I did not see much to fill me with hope, bordering on conviction that the country had a very great

future. You have had this assurance before, but the Impression strongly prevails with me that Western Canada is more than likely to be Greater Canada in the years to come, for the opportunity is there, and the steps of the younger generation of many countries will surely be directed thither, where certain success is awaiting them.

You do not waste voluminous statistics from blue books read to you, to prove that this country is a grand one, particularly for the industrious and frugal. Your business is prosperous. The heart of the country is sound to the very core, throughout its length and breadth. Extravagance and waste may yet need their lessons that spending is not living but only the

sure forerunner of evil days, I do not desire to moralize or preach, but sanity in expenditure in public and private life is the only sure and certain road to permanent success, and I believe errors in the past will be retrieved, for few remain that are not convinced that the pace that kills must be permanently abandoned before the brighter era dawns. Those

I have to thank the Board and the shareholders again in the name of the staff for yet another handsome addition to the Budget, East. Much as

You will observe in the Balance Sheet a considerable increase in Bank Premiums account. In explanation I need not remind you that a Bank must always be advantageously situated as to location, especially in the James

cities, and only as opportunity occurs can suitable sites be had, for properties so situated in the centers do not often change hands. The past year we have secured desirable sites in Montreal, Hamilton, Windsor, Galt and St. Catharines, where we have acquired what we need, and I feel that one or two disadvantages we have been laboring under, in the

past, by not being very well situated, have now been permanently and satisfactorily dealt with. Temporarily, these investments will not be productive, but later on we shall, without doubt, receive substantial benefit therefrom. It must be borne in mind that we are endeavoring to build for the future, and that this era in banking history in Canada is, if anything,

constructive. You are getting, meanwhile, a fair return upon your money. We have also acquired during the year good vantage points in many smaller places and have erected Bank Premises thereon, including in many instances quarters upstairs for the staff, the Board having considerably provided that the officers of the Bank, particularly at out-of-the-way

places should be reasonably comfortably housed. With the establishment of the Holding Company, as referred to by the President, the sum representing Bank Premises in the Balance Sheet will be substantially less. The proceeds of the bonds to be sold will all be applied thereon. Bank Premises account, however, will not necessarily remain there. It will probably

increase again, for this is a new and growing country and we must of course keep abreast of the times.

May I now express the hope that the coming year's business may in every way reach our reasonable expectations.

Enquiry was made as to the purchase of additional property in connec-

The President expressed thanks for himself and the Board of Directors, and the General Manager for himself and the staff, for the expression of the shareholders' appreciation of the year's work.

Mr. Geo. Hague, former General Manager of the Bank, in a brief speech congratulated the Board upon the excellent result for the year, also in closing certain branches, the latter action giving assurance that the condition of the business at the various branches was having the Board's close attention.

This concluded the business of the meeting, which then adjourned. At a subsequent special meeting of the Directors, Sir H. Montagu Allan was re-

ESKIMOS BADLY CRIPPLED TEAM: LOSE MEDICINE HAT 6 TO 4: GOLDIE, RUELL AND POVEY HURT

Jinx is on the Trail of Edmonton Team—Lemieux at Second Base and Pitchers in Field—Three Leading Batters Out of Game—Martin and Stallop Pitch Well.

Medicine Hat, June 3.—Medicine Hat defeated Edmonton in the second game of the series yesterday, 6 to 4, after a brilliant battle. Martin, Medicine Hat's young pitcher, who recently shut out Edmonton on their own lot, 5 to 0, was on the mound for the locals and pitched fine ball, though his support in spots was bad. Both teams hit well.

Manager Nordyke presented a badly crippled team. Povey is in the hospital with a broken bone in his ankle, received yesterday sliding into third. Goldie stepped on a piece of glass and cannot walk. With these two 250 hitters gone, Manager Nordyke secured Flieger from Medicine Hat and played a pitcher in the other fields. In the first inning Ruess, the leading batter of the league, was hit in the arm with a pitched ball and was forced to retire, further crippling the team, and necessitated the playing of Matt at short and Carlet Lemieux at second. The team played good ball and supported Stallop well. Score by innings:

Vaniti Wins Race Against The Resolute
Rye, N.Y., June 3.—Kasled under a stiff northwest breeze, but even her bronzed underbody glided in the late afternoon sun like burnished gold. Alexander S. Cochran's Vaniti finished on the finish line a winner over the Resolute by 16 minutes, 48 seconds in the first race for the America's cup defense candidates' yachts on Long Island sound yesterday.

Although the official time allowed was given the Resolute by the Vaniti is known only to the cup committee, it is estimated that the Resolute is in receipt of approximately 3 1/2 minutes time allowance, so that the approximate corrected time advantage for the winner over the loser was close to 11 minutes, 18 seconds.

CITY DAIRY BEAT LAROSE INDIANS

Good Game In City League
Baseball Results in Win for Dairy 7-2.

In a nice exhibition of baseball last evening on Diamond Park, the City Dairy defeated the Larose Indians by a 7 to 2 score. The brand of ball was good, especially the fielding. Pitcher Irwin of the dairy team worked a nice game, striking out 11 batters and walking but four. He was given credit for the seventh inning when a couple of errors gave the Indians a run. Harriet of the dairy pitched the first five innings for the Indians allowed five runs for five hits and Gordon who followed him allowed two hits and two runs.

Three double plays were made during the game, the Indians grabbing two. There was no scoring until the fourth, when the Dairy, 6 to 4, three times. They got two more in the fifth and two in the seventh. A double and a single by Gaudier and Perry accounted for the Indian's first run and their second and last resulted from errors by the dairymen. The winners have as good a team as is in the league but may be counted upon to make them all travel and the Indians with a position or two strengthened will also be well in the running. The score follows:

TUESDAY'S MAJOR

Boston, June 3.—(Amn.) Philadelphia and Boston divided a double header yesterday, the Red Sox winning the first 5 to 2, and Athletics the second, 4 to 2.

Detroit, June 3.—(Amn.) By a bucketing rally in the sixth which resulted in a run, Detroit defeated Chicago.

In 3 runs, Detroit defeated Chicago 5 to 2. Running wild on the bases, the Tigers made their hits count while sensational fielding cut off more than one Chicago tally. Seven stolen bases were made on Schalk.

New York, June 2.—(Amn.) In ninth inning rally which netted three runs, Washington defeated New York.

in the first game of the series by a score of 9 to 8.

Cleveland, June 8.—(Amn.) Taylor, a recruit pitcher for the St. Louis Americans allowed Cleveland but only hit yesterday, the visitors winning to 6. Turner spoiled Taylor's chance for a no hit game when he singled in the ninth.

GRAND PITCHERS BATTLE BETWEEN NORTHROP AND KESSELING GIVES QUAKERS 1-0 SCORE OVER BRONKS

Four Hits Gathered Off Each Pitcher—Quaker's Only Run Came in Last Inning With Two Down—Bill Hurley Soaked \$5.00 by Umpire Wheeler.

Quakers, June 3.—At the finest pitchers' battle seen on Quaker's field this season, the Quakers went down to defeat after a hard fight. Grover's hot infield hit with two men out in the ninth frame. It was a grand battle between Northrup and Kesseling, each allowing four hits. The former was seen at his best and had a total of ten strike outs. Both pitchers were effective when the bays were loaded. Two snappy double plays by the locals stopped the Bronchos' gain at times when they were most dangerous. Kesseling took hit streaks occasionally and hit three men, one of which was Wilson, who scored the only run. Manager Hurley had a slight argument with Umpire Wheeler over a strike and was fined \$5. Twice the Quakers had men on second and third but failed to come across with the necessary bludge. Only three men faced Northrup in the ninth, all three striking out.

Score:
Quakers 0 0 0 0 0 0—1
Saskatoon 0 0 0 0 0 0—0

The Company Control Eight Petroleum and Gas Lease Holds in the Wetaskiwin District

Selected by men of the most expert knowledge of the business. The largest holders and operators of Calgary have secured leases in nearly all of this district. The best information obtainable warrants us in believing this to be the most favorable oil proposition in the province.

As set forth in the prospectus of the company, this issue of stock is for the express purpose of development and operation.

An expert oil man with the most modern machinery will be put on the ground at once.

This is a bona-fide proposition. The shares are 20c each and we know there will be a big demand for this stock and a rapid increase in the price of the same is not improbable. See prospectus for full details. On receipt of application with remittance certificates with the company seal will be issued at once.

WETASKIWIN ALBERTA OILS LIMITED

PIONEER OF PEACE SPEAKS TOMORROW NOON'S LUNCHEON

Subject to Development and Possibilities of Great North Country.

TWO MORE MEETINGS BEFORE TORONTO TRIP

President Will Refer to Alaskan Railway and Selling of Oil Stocks.

Just two more Thursday noon luncheons remain before about 200 members of the Edmonton Industrial Association and others will "whop up" for Toronto, and after tomorrow there will be only one.

The principal speaker for tomorrow will be Rev. C. F. Hopkins, a pioneer Methodist minister of the north. He will speak on "The Peace River Country: Its Development and Possibilities."

This ought to provide something for which most, if not all, of the members and as many others as the live ones can induce to come out, should attend and listen to with more than usual attention.

The Peace River country in the country which always "cashes in" according to about every living soul who has ever been up there and found time to get back and tell about it. Its country with a backbone and a future possibly greater than one would think it prudent to predict at the present moment of world-wide changes.

Mr. Potter, besides being a very accomplished speaker, is a pioneer who has really pioneered in about the only place left to do any pioneering in. He himself aided in digging the foundations for the church in the north, of which he is now in charge.

His address, however, will not be a religious one, as he believes most Edmontonians already have indicated in them the elementary principles of modern civilization. He will, on the contrary, talk as a man to men—as a business man—as a pioneer of the biggest and perhaps most influential body of men in this city.

Among the other matters which will be referred to will be the final details of the On-to-Toronto excursion, which leaves Edmonton a week from Saturday night. It is expected.

Two interesting announcements are being made from President W. J. Macrae, both of them regarding topics of opportunity interest. One will refer to the Alaskan railway and the other to the selling of shares of oil companies.

Mineral oil has been discovered in Somaliland, and the British government is investigating the extent of the discovery.

APPLICATIONS BEING MADE FOR RENEWAL OF LICENSES FOR HOTELS

Applications are now being made for the renewal of licenses to bartenders, hotels and pool rooms. There is no change in the fee for pool room licenses, but the hotel and bartender's licenses are on the new scale. The licenses will be issued by the department prior to July 1.

The fees are required to be paid in cash. Consideration of the license applications which were adjourned from the last meeting of the commissioners in Edmonton will be taken up on June 10.

DOMINION MILLERS SEND DEPUTATION TO GOVERNMENT

Once Again Wait on Premier Borden Urging Regulation on Wheat and Flour.

PREMIER NON-COMMITTAL HALF MILLION IS ASKED

Life of Industry at Stake if No Relief Forthcoming, Is Declaration.

Ottawa, June 2.—The Dominion Millers association which in February last, asked the government to establish a line of demarcation to the old country to regulate rates on flour and wheat and to remove the alleged discrimination in favor of the latter came back to Ottawa yesterday and strongly urged the government to do something at once to relieve the situation.

They asked this time that a subsidy of half a million be provided before the session closes to subsidize a line whose specific rates will be under control of the government. Atwood, of Hamilton, declared it was a case of life or death of the milling industry. The premier in his reply went no further than to say it would be immediately considered. He stated that the question had been under investigation by Hon. Messrs. Posters, Rogers, Parley and Meighen. The government desired to do what was reasonable and realized the importance of not handicapping an important industry. He remarked that the whole question would be investigated by the dominion royal commission and said that if control of rates was possible it could be only by co-operation with the mother country. He promised that the subject of yesterday's representations would be given immediate consideration. Upwards of 20 conservative members accompanied the delegation which had representatives from Montreal, Toronto, Hamilton, London and Western Canada.

CITY MUST BE CLEANED UP IS THE ORDER GIVEN

Raid Campaign Started Last Night in Earnest by Chief Detective Kroning.

NUMEROUS ARRESTS IN VARIOUS REPORTS

Many of the Accused Appear in the Police Court to Answer Charges.

A big raid campaign was inaugurated last night on alleged disorderly houses and questionable resorts.

Headed by the newly appointed chief of detectives Kroning the force was very much on the alert. The local police court presented an animated scene this morning as a result of the spreading of the net. Bella Holseth, Fred Mercer and G. Pender were up charged with being keepers. A large number of frequenters who were also found in the houses appeared before His Worship Magistrate Massey, as well. Being a legal holiday, the King's birthday, all were remained until Friday. Bail in the majority of charges was fixed in the meantime.

"We intend to clean the city up," said Chief Detective Kroning to the representative of the Capital this morning. "This is merely a start that we made last night. We certainly mean business and they all must go." As well as the arrests, a number of other rooming houses were visited that were under suspicion, and given due warning that it will not be well for them if caught infringing the law.

WILL THE MERCHANTS BANK OF CANADA INCREASE DIVIDEND?

The statement which the General Manager of the Merchants Bank of Canada has just issued to its shareholders, shows that the bank's reserve now stands at \$7,000,000.00, which is also the amount of its paid up capital. Will the shareholders now come in for a share of the profits, earned on the accumulation?

Bank managers. In Canada, have very rightly aimed at accumulating in good times a reserve which would enable them to weather any ordinary business stress, without having to curtail dividends, but the present strong position of the Merchants Bank of Canada, its good percentage of quick assets; its high standing among the community, would seem to justify at least a bonus distribution.

Canada has a right to be proud of its banks, and the present management, the Merchants Bank of Canada, has increased its right to be considered one of the leaders of the foremost financial institutions of the country.

THE WORLD SINCE CREATION SHOWN IN MOTION PICTURES

Edmonton is for the next few days to be favored with a showing of what is undoubtedly the greatest photo drama ever produced. The title of this wonderful production is "Creation," and deals with the earth's history for the past 4,500 years, or in other words, since the beginning of the creation of the world. This wonderful series of motion pictures has been undertaken and are being shown under the auspices of the International Bible Association, and M. C. Davidson, of Brooklyn, was in Edmonton a few days ago making final arrangements for its appearance here in the Empire auditorium commencing Thursday afternoon and continuing two performances a day for possibly a week's time.

This mammoth and marvelous production of Creation is the manner by which the International Bible Association hope to spread the Peace Movement the world over, as they believe in the educational teaching of the Bible towards that end rather than spending of huge sums for the building of churches and the like. That their belief is fully justified and that their plan is reaping good results will be thoroughly understood and appreciated by the thousands who will see the pictures in this city and by the great success that has attended the showing of the pictures throughout the United States and Canada. In New York city the association was donated a valuable site on Broadway by a lady who saw the pictures and the great educational value of them, and a magnificent building was constructed on the site by gift money of wealthy men who saw the pictures and their great value. It is only since the first of the year that the pictures have been shown in New York. At present they are being shown in Canadian cities, were at Victoria and Vancouver last week, and are at Calgary, Edmonton and other prairie cities this week and part of next.

The pictures to date have cost upwards of \$1,000,000, and have been in the making for 10 years. Not a cent is taken as admission fee, nor are any collections taken. The pictures are shown free. Everybody is asked to see them, and once seen, will attract thousands to the following numbers of the series, for this great photo-drama of the earth's history is shown in four parts, and programs of the pictures to follow will be given out at each performance. It is estimated that more than 100,000 people see these pictures daily. There are two miles of film and nearly 600 colored slides, many of which are reproductions of some of the great masterpieces of the world's art. In fact, a few of the slides are the only and exclusive reproductions of famous art works. They must be seen to be appreciated. Each picture and slide is explained in detail by a large talking machine and the whole program is one of intense interest and education. Great men the world over, ministers, millionaires, business men and all others have been astonished at the wonderful truths so simply explained by the pictures, and men and women of money give most liberally to the cause, and it is by this reason that the great work is carried on.

BIG PRESBYTERIAN ASSEMBLY GATHERS WOODSTOCK, ONT.

Session to Be Opened Tonight By Moderator.

REPORT ON CHURCH UNION IS TO BE SUBMITTED

Elaborate Preparations Made to Receive Delegates From All Parts Dominion.

Woodstock, Ont., June 2.—Church union, it is certain, will be the big question before the big assembly of the Presbyterian church in Canada which begins its annual session in Knox church here tonight, when Rev. Dr. Murdoch McKenzie, the moderator, will preach the annual sermon and a new moderator will be chosen, in which connection the name of Rev. Dr. F. E. Hodge, of Ottawa, is being permanently mentioned.

Action in regard to the union with the Methodist and Congregationalist churches will be based upon a report to be submitted by the union committee, the existence of which it was decided to continue at the general assembly last year, dealing with a survey of the whole dominion which has been conducted by the committee in regard to overlapping, and what mutual benefits would be derived by union.

It is reported that the committee will recommend that the whole question be again referred to the Presbyterian congregations and sessions for final judgment. Promised Presbyterian divines are arriving from all parts of Canada for the annual Presbyterian convention. Special trains have been placed at the disposal of those from the west to facilitate travel. Elaborate preparations have been made for the entertainment of the visitors here. A feature of the assembly will be an automobile trip by as many of the delegates as possible to historic Knox church, Enniskillen, in the center of the Zorra, of which the late Rev. Donald MacKenzie was pastor for forty years, when the district was but a forest, and which has given more young men to the Presbyterian ministry than any other church in the dominion.

BARRICADE CIVIC BUILDING AGAINST COMING FLY ARMY

Although a few energetic city employees were found working in some of the offices of the city hall this morning, but two officers, those of the water and electric light departments, were officially open and the building was practically abandoned to a corps of workmen who were preparing access to prevent the ingress of the swarms of flies that are scheduled to swoop down upon the city soon. The holiday declared in commemoration of his majesty's birthday closed the civic office, but the preparations to fight the fly army were not interrupted.
